For Immediate Release:

### **Municipality of Yarmouth Votes Unanimously to fund New YARC**

*Yarmouth, Nova Scotia* – The Yarmouth Arts Regional Council received good news on Wednesday evening when the Municipality of Yarmouth voted unanimously to support the New YARC Planning Committee’s request for Phase I funding of a new Arts Centre at 76 Parade Street.

The vote of support came after a presentation of the project details followed by a question and answer session with YARC President Jonathan Kini and Project Manager Kerry Munro. A motion was tabled by councilor Trevor Cunningham to support the project and provide the YARC with the requested \$36,400.00. All councilors unanimously voted in favor of the motion.

“We are very excited to receive this support for phase I of our project”, said YARC President Jonathan Kini. “The Municipality of Yarmouth has shown great leadership by getting behind this project and the timely funding they are providing will ensure we stay on track and meet crucial deadlines for federal infrastructure funding.”
